Greeting Families,

Please welcome our newest office staff member! Beginning on September 26, Katie Hessert will be joining us in the front office. She has been a school secretary for many years in Bangor and when her family moved to Glenburn, she decided to become a part of our Glenburn School family. She will be the first person you speak with as you enter the building. Welcome Katie to both Glenburn and to Glenburn School!

During these first 16 days of school, we are sure that your child(ren) have come home stating that they are doing lots of testing. This is true. Taking time for this process gives our teachers the much needed data in order to provide that just right instruction for your child. Our goal here at Glenburn School is that each student will make one year's growth in all academics. With this baseline data, we are now able to determine what your child needs in order to accomplish this goal.

Thank you all for working so hard at making sure your child is here every day and arrives on time! School attendance creates the lifelong habit of being punctual and that our attendance matters. The school day begins at 8:05 and classes begin by 8:20.

We trust you and your child(ren) are getting more comfortable with our new 6-day rotation. Remember, if you are ever in question of what letter day it is, check the Glenburn School website for the [Letter Day Calendar](#) link. We also have the daily letter displayed by the front office doors and the hallway doors. Students and teachers alike are excited that they will no longer miss a preferred special due to a storm cancellation.

We have many upcoming events. Here is a list of what is happening up through Thanksgiving.

**Look for Homework Club information coming soon...

Champions before school and after school program is off to a great start! Their hours of service are 6:30am-6:00pm. They assure us that there will NEVER be a waiting list because, as enrollment grows, they simply add more staff. During parent-teacher conferences, consider bringing your child to this program while you meet with teachers. This is FREE to all families, even if your child is not currently enrolled! They will remain onsite until conferences end in the evening.
